“Traffic was very good this year and allowed much better traffic. This increased our sales. Great weather, great attitude about the overall economy. Very happy with increased customer count and it directly related to an overall increase in sales.”

“Have several good leads that are turning into sales.”

“Easy move-in/move out. Good flow for attendees. Staff is friendly and professional.”

“Good promotion. Lots of attendees from all over the state. I think weather played the biggest part in the high attendance but can't be discounted that people knew when the event was. Also, the \$5 off coupon at the door made it a steal to attend.”

“Very clean. Parking was easy, food was good.”

“It appears that it is promoted well. We always have a lot of traffic through our booth.”

“Thanks for sharing my posts on Twitter! I thought the show was well advertised.”

“We felt like we got some very great leads from the show. We also learned a lot about the area's market and we were able to narrow down our target demographic for the region.”
