

**NEBRASKA AG EXPO**  
**FEBRUARY 23-25, 2021**  
LANCASTER EVENT CENTER | LINCOLN, NE

## **PRESS RELEASE:**

**[FOR RELEASE: Feb. 8, 2021]**

### **Des Moines – 90 NEW Exhibitors at Nebraska Ag Expo**

The Nebraska Ag Expo, presented by Farm Credit Services of America and AgDirect, features the broadest mix of ag-related products and services found in the Midwest. Spread across 9.2 acres, the second largest indoor U.S. farm show will be held February 23-25 at the Lancaster Event Center in Lincoln, Nebraska.

With 90 NEW exhibitors, the Nebraska Ag Expo is the place to be to see the latest agriculture products and services. Here are some new products to check out:

**Agtronix** [Booth 1223] The Feedpro™ product line offers a continuous flow mixing system consisting of multiple units working together. A superb quality of mix is obtained because each ingredient is added to the other ingredients flowing through the collection auger.

**Pattern Ag** [Booth 1411] Starting with the belief that the next level of yield gains will be unlocked by the living layer of soil Pattern Ag uses the latest in DNA sequencing to characterize soil biology in enough detail to understand and act on it!

**RealmFive Agriculture** [Booth 1639] – RealmFive provides the best wireless connectivity built for agriculture, empowering operations with simple, reliable and scalable connectivity.

**Hydro Rain** [Booth 2238] The B-hyve AG center pivot remote monitoring and control system from Hydro Rain is a FREE subscription service that provides the ability to monitor and control center pivot irrigation systems from a smart connected device.

**Metos USA** [Booth 2303] Become more efficient with farm & land monitoring solutions that monitor your micro-climate in real-time to make informed decisions, including soil moisture, weather, pests, disease and more.

**Razor Tracking** [Booth 2513] Razor Tracking's Agriculture Fleet Management allows farmers the capability of both fleet tracking and asset tracking to manage their entire farm, from equipment to employees.

**Artex Mfg.** [Booth 3003] The ARTEX Mfg. Trax units spread materials up to 60 feet with the cyclone attachment, getting the job done without compacting soil. Add on the Raven optional variable rate system to spread with perfect precision and a lot less work.

**PhiBer Manufacturing** [Booth 3541] The PhiBer Manufacturing Dash is designed to increase sprayer efficiency while keeping chemicals separated. On average, an additional 320 acres per day can be completed, increasing sprayer capacity by up to 20%.

**Fendt** [Booth 4101] See the newly released Fendt tracked tractors at the Nebraska Ag Expo! The Fendt 1100 Vario MT tractors range from 511 - 673 hp with four models including the 1167 Vario MT, the largest two-tracked tractor in the market at 673 hp. The Fendt 900 Vario MT includes three models ranging from 380 - 431 hp.

Show hours run 8:30 am to 4:30 pm Tuesday and Wednesday, and 8:30 am to 3:00 pm Thursday. Register online for FREE admission at [NebraskaAgExpo.com](http://NebraskaAgExpo.com).

The Nebraska Ag Expo is produced by the Iowa-Nebraska Equipment Dealers Association in conjunction with local Nebraska and Iowa farm equipment dealerships. The show is sponsored by: Diamond Sponsor – Farm Credit Services of America and AgDirect; Platinum Sponsor – Nebraska Farm Bureau; Gold Sponsors – Stine Seed Company and Sukup Manufacturing; and Media Sponsors – Midwest Messenger and Rural Radio Network.

**The Nebraska Ag Expo. New name. Same great show!**
